

# V Krishna Kumar

SENIOR ANALYST · DATA & AUTOMATION

## WORK EXPERIENCE

### Senior Analyst

Empower | Bangalore, IN

Aug 2023 – Present

- › Automated payment registry systems, saving 30 mins of manual effort daily.
- › Automated email extraction via Graph API, saving 2 hours daily through streamlined reporting.
- › Used Amazon Textract to extract PDF table data into Excel, saving 1 hour daily; built a Human-In-The-Loop (HITL) layer for accuracy verification before DB updates.
- › Deployed Python-based Lambda functions, Step Functions, and API Gateway using CloudFormation, reducing manual intervention significantly.
- › Designed an AWS multi-region active-hot standby architecture for high availability and disaster recovery with minimal failover delay.
- › Implemented SQL validations for loan document processing using Textract + Python + cx\_Oracle, reducing verification from hours to minutes.
- › Built a CloudWatch metric design system and dashboard to visually monitor Lambda/S3/Step Function process health with log insights.

### Analyst

Empower | Bangalore, IN

Jul 2021 – Aug 2023

- › Automated tax reporting using SAS and Python, saving 45 min/day and \$30,000 annually in vendor costs.
- › Automated email deletion, Salesforce request creation, and attachment downloads — saving cumulative hours weekly.
- › Created multiple SAS reports improving data accessibility and decision-making across teams.

### Intern

Empower | Bangalore, IN

May 2020 – Sep 2020

- › Built topic modeling + logistic regression pipeline (80% accuracy) to classify unstructured NIGO form text.
- › Developed Tableau dashboard to visualize rejection reasons and provide actionable recommendations.

### IT Analyst

TCS | Chennai, IN

Nov 2014 – Aug 2019

- › Liaised with clients to gather and update requirements; developed and customized reports per spec.
- › Supervised 2 associates, boosting team efficiency by 20%.
- › Automated Time-Sheet report generation (saved 15 min/day) and built incident data dashboard for management presentations.

## EDUCATION

### PGDM – Big Data Analytics

Goa Institute of Management | Goa, IN

2019 – 2021 · CGPA: 6.33 / 8

### B.Tech – Mechanical Engineering

SRM University | Chennai, IN

2010 – 2014 · CGPA: 9.066 / 10
